No. 6687.-The following letter received from the isovernment of the East Africa Protectorate is published for general information :-

> THE SECRETARIAT, NA'30BI, EAST AFRICA PROTECTORATE. June 27, 1916.

Sir,

I have the honour to inform you that the Government of British East Africa Protectorate has recently had under consideration the desirability of enforcing more strictly the provisions of the Immigration Restriction Ordinance, 1906, and the Immigration Restriction Amendment Ordinance, 1910, copies of which are enclosed herewith.

2. Section 11 of the original enactment provided that any person appearing to be a prohibited immigrate under section 5 (a)\* might be permitted to enter the Protectorate on payment of a deposit according to nationality.<sup>+</sup> In the course of time this restriction was shown to be acting as a deterrent in the case of persons who might well be admitted to the country, and the amending Ordinance was promulgated whereby the Immigration Officer was empowered to accept security in lieu of the deposit. deposit.

3. In the great majority of cases no arrangements for **bhis security are made prior to embarkation and in con-**sequence such persons have hitherto been allowed to laud in order that they may be given the opportunity of finding a surety. This concession has led to abuse and is itself objectionable inasmuch as the deposit prescribed by section 11 of the Ordinance of 1906 is payable before anding and if this section is read together with section 3 (1) of the amending Ordinance of 1910, it is clear that the demand for security must also be complied with before landing. hefore landing.

4. The Government has therefore decided that all 4. The Government has therefore decided that all immigrants should either make the necessary deposit, or provide the security required, before leaving the ship on arrival in port. The strict enforcement of this regu-lation will take effect as from the 1st of September 1916 and 1 have the bonour to request that steps may be taken to make this procedure known in those districts from which immigrants to British East Africa usually arrive. Persons who cannot deposit the necessary eum or have failed to find the requisite security will after that date be sent back to India, and the Government of this Prosent back to India, and the Government of this Pro-tectorate will not hold itself responsible for any expenditure thus incurred.

### I have the honour to be,

Sir.

Your most obedient servant.

C. C. DOWRING, Chief Secretary to Government.

Local Governments and Administrations are requested to make the intimation contained in the letter as widely known as possible, particularly in places from which emigration to British East Africa is believed to be most common. Intending emigrants should also be warned of the risks they run in proceeding to the Protectorate if they are unable, before landing, to deposit the sum of Rs. 50, or to comply with the demand for the requisite security in liou of the deposit. Local Governments and Administrations are requested

• The section prohibits the immigration of any person without which means of any port or any person who is likely to become a pautor of a public charter. • The deposit required from a native of ladix is Rs. 50.
